JUNIOR SECTION REPORT

The Carnegie South juniors continue to perform well, both on and off the field. With three teams, U16, U14 and U12, all going well, the future looks rosy for the senior section of the club. There are many U16 and U14 players in particular, that are capable of playing and enjoying senior cricket for many years to come.

The U16s have struggled this season in the top division, but have still performed creditably. Lead by captain Simon Kilikov and Team Managers Peter Legget and Dave Hopkins, they have won a couple of games but realistically probably should have been entered in 'B' division. Nevertheless, Kuli's batting, Scott Adams and John Leggett's bowling, plus the team's enthusiasm has carried them through the season.

The U14s look like being the only CSCC team to make the finals this season. They will finish 2nd on the ladder and their finals campaign commences on February 18th as part of the successful Friday night competition. Venue to be advised. Lead by skipper Tom Gheller and ably supported by assorted Nick's, Sam, Luke, Huey and others, they are a very even team and will certainly give the finals campaign a real go. Good luck boys. All the support that the senior players can muster will be appreciated. Thanks go to Jim Nicholson for his team manager role this season, latterly a role performed on crutches after his less than creditable performance in the U14s Vs Fathers game a few weeks back.

The U12s are going to finish in the middle of the ladder which is a great performance from a team that is quite inexperienced. Kevin Pereira and Dom Cerretto have taken on the team manager role this year and they are living legends in the eyes of the U12s, if not the entire club. This age group would certainly rate as a tough ask for anybody, but senior players who are not fathers

themselves stand to learn a lot rather quickly about raising and controlling kids! The U12s have played some one-day games this season in their redbacks training shirts, just for fun, and this has attracted a lot of positive comment from both our club members, parents etc. as well as the opposition who are certainly quite envious. This has been a great initiative and adds another dimension to the game.

The CSCC juniors are an extremely important part of our club, and thanks go to all the players and parents and other supporters who help keep this junior section alive.
